

# The Benefits of NxtWall Architectural Wall Systems

NxtWall's architectural wall products are a component based system with zero waste. NxtWall's two distinct product lines- View Series and Flex Series, are both integratable, versatile, and completely demountable.

## Five core benefits:

- Flexibility
- Sustainability
- Affordable
- Functionality / Performance
- Speed

## SUSTAINABILITY

- NxtWall products support LEED building design.
- Up to 100% recyclable, reusable / reconfigurable- keeps drywall and debris out of our landfills.
- Eco friendly finishes available.
- Daylight harvesting with use of our glass walls.

## SPEED

- Fastest lead times in the demountable wall industry with a 3-5 week standard lead time.
- Fast and easy to reconfigure.
- A single trade can install NxtWall from start to finish.
- Use NxtWall's Quick Ship program when you need a solution fast!

## FLEXIBILITY

- Ability to accommodate any design layout.
- Reversible doors and door frames.
- Ease of panel replacement save time and money on reconfigurations.
- Unlimited wall panel material choices.
- Adaptable to floor level/height variances.
- Integrates with existing construction or even existing wall systems.
- A complete wall solution for your workspace.

## FUNCTIONALITY / PERFORMANCE

- NxtWall wall systems are scalable to fit your budget and building needs.
- Integrates with imperfect building conditions such as non-level floors, curvilinear layouts and out-of plumb building columns.
- Eliminate the risk of incorrect field measurements and panel sizes by using our field fit components.
- We offer space saving sliding doors to maximize your valuable office real estate.
- Modular power options available, can be installed at multiple locations and heights.

## AFFORDABILITY

- Options available with comparable first-cost pricing to standard drywall construction methods.
- Qualified wall projects can take advantage of money saving Section 179 tax deduction.
- Depreciate demountable walls in 7 years vs 39 years for drywall.
- Free design services.
