

FLEX Architectural Wall System

Who We Are...

- Demountable Wall/Partition company focused on offering great aesthetics, flexible design and sustainable products
- 100% Made in the USA
- Delivers a “real” Demountable Wall solution that supports and promotes change, understands the importance of cost while adapting to the needs of an ever changing workplace.
- Installations in 40+ States
- Headquarters located in Kalamazoo, MI
- Corporate showroom in downtown Chicago near the Merchandise Mart

Why use NxtWall Demountable Wall Systems?

- Simple Kit of Parts (Solid-to-Glass or Glass-to-Solid)
- Field Fit (Stick Built vs Unitized or Semi-Unitized)
- Non-Progressive
- **Ease** and **Speed** of Construction
- 2 to 3 Week **Standard** Lead Time
- The Most Sustainable Solution in the Industry
- LEED Points (Regional Materials, Local Labor)

Sustainability

Meet the needs of the present without compromising the ability of future generations to meet their own needs.

- Recycled and recyclable content
- Outstanding product reuse strategy (Reusable and reconfigurable)
- Regional materials as needed
- Supports worker comfort, safety and health
- Supports daylight harvesting

Who We Serve

The NxtWall Advantage

| | |
|---------------------------|--|
| Work Flow: | Clean efficient process, One Trade group, Low impact on operations |
| Sustainability: | Recycle, Reuse, LEED, Worker comfort |
| Price: | Blended price per lineal foot competitive with GC/Trades |
| Architectural: | Glass, Colors, Unique shapes, Integration |
| No Permits: | Most municipalities do not require a permit to install furniture |
| Quick lead times: | 2-3 Week Standard Lead Times |
| Flexibility: | As requirements change so can our walls |
| Long Term savings: | Reuse/Repurpose strategy |
| Tax Advantages: | Qualifies as Furniture for accelerated depreciation |
| Speed: | No delays as with typical gypsum board construction. Eliminate debris, sanding, finishing and painting |
| Experience: | NxtWall has the expertise, experience and the performance to provide a successful project on time and on budget |

Chicago Showroom

401 North Franklin, Suite 4E, Chicago, IL 60654

Adjacent to The Merchandise Mart

FLEX WALL SERIES

- 3" thick wall
- Floor to ceiling / Freestanding
- Wall board can be any ½" material
- Easily incorporate glass and solids
- Single or double pane glass
- Universal swing doors
- Great acoustical performance
- Wide trim option (Genesis)
- Integrated white boards, tackable surfaces, power/data, electric privacy glass, etc.

FLEX WALL SERIES DESCRIPTION

The Flex Series is one of the most flexible, sustainable and affordable wall systems available on the market. It offers numerous options that are not commonly found within a demountable wall system.

The Flex wall system fits the needs of your workspace – both today and tomorrow's needs. Designed to accommodate reconfigurations with ease, Flex systems are easily switched from solid panels to glass to whiteboard and even to tackable fabric panels, all with minimal interruption and downtime.
