

April 22, 2020

To Our Valued Customers and Business Partners,

NxtWall would like to update you on our current operational status and company information.

- NxtWall remains fully operational, with employees working remotely where possible and using enhanced safety protocols for onsite staff.
- Our Design, Project Management, Marketing, Sales, Technical Support and Logistics Teams are available and ready to assist you.
- Our manufacturing teams and suppliers are fully operational and producing product.

#### **Non-Essential Business Order and CDC Recommendations**

- NxtWall has been classified by qualified customers as essential under the State of Michigan Suspend Activities Order 2020-42, currently set to expire 4/30/2020.
- Additionally, NxtWall is implementing new production procedures to minimize direct human contact with Packaged Products and sanitizing shipments to the best of our abilities.
- NxtWall is also following the recommendations from the CDC & OSHA to protect our staff and their families.

NxtWall is proudly made in the USA with the support of several local manufacturers and suppliers. We would like to thank all of you for your patience during these tough times and look forward to taking care of you and your clients - now and in the future.

Stay Safe,

A handwritten signature in blue ink, appearing to read "Jerry Sweet", is written over a light blue horizontal line.
